Chace, the R. I. member of the National Organization:

A Protest.

Some of the Republicans protest against the recent action of a portion of the mem-bers of the Republican State Committee, in issning a call for an American Republican Convention, because the State Committee: had no authority whatever to change the pame of the party from that of Itemphican to that of American Republican, and be-cause, in assuming such power, they have not only transcended the record they were appointed to keep, but, have, in fact, obli-terated the same, so that the Republican party proper will have no organic existence. They agree that in matters connected with town and municipal elections; party lines may well be removed; but they insist that in State and national elections the record of the parties should be strictly kept.

W. M. Chace.

Member of the National Remodificate

Member of the National Republican Committee for Rhode Island.

Providence, February 16, 1658.

It is clearly as Mr. Chace rumarks, " the of the pirty. It can only be properly done by a convention of the party, in which each town is duly represented, and the delegates are instructed by their constituents.

We have heretofore, and now, formed union of the two parties, in State elections and have no objection to accepting a ticket nominated by joint committees, or joint conventions; but we must decidedly protest against the abandonment of our connection with the National Republican Party, on any terms whatever.

The effect of substituting "American Republican" for "Republican" as a national party is obvious. We have carried Iowa, Missouri, Wisconsin, and Michigan, since the last. Presidential election, by German roles mainly, and to annex " American" to our name, thus endorsing the proscriptive and abundance policy of that defunct party, will be to lose our prestige in those States, and throw away our chance for the next Presidency, giving those States. to Mr. Dauglas, who, if not nominated by the Convention, may run independently, and trust to the House for his election; and assuredly would do so with fair prospect, if we had the insanity to engraft the dead flesh of a past party upon the fixing body of our

In speaking of the American purty as we do, we desire to be understoral as allading to the "National American Party," the representatives of which, in our national councils, with a single exception, rote with the pro-slavery Democracy. In State matters a large majority of our people entertain views akin to those promutgated by our American frie de, and the Republican party committed homselves by the It solutions of the last convention as fully as could reasonably be asked, to the "American Policy," as a State matter, and ignoring it as a national matter, justly observing that it was a purely State question, while the Republican policy was almost exclusively a national question.

The Republican State Committee have been earnestly urged to issue a new call and we are happy to say that the two members from this city unqualifiedly favor it While we have no desire to prevent, but rather to encourage proper unity in State matters, we insist that it shall not obliterate our State Committee, and our unity with the National Republican Party.

Proy. O. J. Woon—hear Sir: I haveheard much said of the wonderful effo its of your llair Restorative, but having been to often cheated by quarkery and quack nostrains, heir dyes, e., I was disposed to place your Restructive in the same category with the thousand and one loadly transpeed quack remedies, until I met you in Lawrence county some months since, when you gave the subhaviourance as Induced the trial of your Restructive in my family—that by my good wife, whose hir had become very thin and entirely white, and before carbaviting one of your large bottles, her hair was restored nearly to its original beautiful trown color, and had thickened and become beautiful and glossy, upon, and entirely over brown color, and and thekened and become beautiful and glossy, upon and entirely over the head; the continues to use it, not simply because of its healthful inductes upon the head and mind. Others of my family and friends are using your Restorative, with the happiest effects; therefore, my skeptisism and doubts in reference to its character and value are emission and control in the form and the many control and the control with the many control and the control with a ment of the control of the co in reference to its character and value are outirely removed; and I can and do most cordialty and confidentially reconnent its use by all who would have their bate restored from white or grey (by reason of sickness or ago) to original color and hearty, and by all young persons who would have their hair bradiful and glossy.

Very truly and gratefully yours,

SOLOMON MANN.

FRIEND WOOD:—It was a long time after I saw you at Blissfield before I got the outfle of Restorative for which you gave me an order upon your agent in Detroit, and when I got it we concluded to try it on Mrs. Mann's hair, as the surest test of its power. It has done all that you assured me it would do; and others of my family and friends, having witnessed its effects, are now using and recommending its use to others as entitled to the highest consideration you claim forit.

Again, very respectfully and truly yours,

Again, very respectfully and truly yours, SOLOMON MANN.

CARLYDE, I.L., June 23, 1852,
I have used Prof. O. J. Wood's Hair Restorative, and have admired its wonderful effects. My hair was becoming, as I thought, prematurely gray, but by the use of his lestorative it has resumed its original color, and, I have no doubt, permanently so.

CAUTION NOTICE.

PERSONS living at a distance should be extremely cautious of whom they order Lottery Tickets or Certificates of Packages of Tickets. The country is flooded with bogus and swindling Lotterless. Every inducement is held out to get persons to invest money in them. Capital Prizes of from \$29,000 to \$10,-100 head their schenes—with tickets at One Dollar. \$100,000 capital Prizes are offered, tickets \$3. All such, in every instance, are frauds; and if money is sent to them for tickets, it is so much thrown away without the shadow of a chance of getting a prize. Bewere of all Lotteries where the Capital Prize is unusually large in comparison to the price of tickets. In every instance where large prizes are offered for a small cost of tickets, put it down as a certain fraud.

The Kentucky State Lottery for the benefit of the Shelby College, under our management, is the only Luttery in the United States which is legally decided by the Maryland Drawings; all other Lotteries which purport to be decided by the Maryland Brawings are frauds.
